Wall Pepe!

▼

The stickers give it that added flair. I give it three thumbs up.

If I see it; you can be sure I will!

▼

18 ▼ If you've never read the full "Star Spangled Banner" poem, you really should take it upon yourself to do so, as should everyone else that frequents this site. The last two stanzas are especially poignant in our present situation and would be quite the rally cry if read aloud on January 6th.

8 ▼ Oh yes it is. Once we hear the national anthem, we stop and sing along!

24 ▼ I saw a guy riding his motorcycle with the flag upside down last week.

It was heart breaking cuz you hate to see that but he wasn't wrong.

19 ▼ Now you need an autotune module to inject into the megaphone. There was a troll who was repeating the antifa chants using autotune this summer and it was hilarious!

1 Actually, I'm unsure if they will. Don't be surprised if there's a sudden massive wave of Blue Flu, uh I mean, Chyna Virus cases in the DC police force.

Put it in alarm mode right at the Capitol front door. Annoy Antifa/BLM and the cops who put their pensions over their constitutional duty, lol

My prediction:

▼

Imagine in a few days Trump declassifies everything the government knows about electoral and voter fraud in this country and abroad. He will also show foreign intelligence (likely Israeli) corroborating Dominion/Scyt/Ballot Fraud affidavits. They'll show that the FISA court has been approving fixes globally since its inception. That CJ Roberts is compromised because he picks the FISA judges. They'll show the programs the IC uses be it satellites, software or operatives to fix elections. Then we'll watch the career reps/senators who approved this theft squeal and the media try to spin that the intelligence is fake after 5 years of building up the IC's credibility.

That combo is a volatile cocktail hurled at a group of incompetent, self-serving people all looking to save their own asses; both parties in congress are fractured so a unified front will be difficult for them. If the recent covid relief bill is a sign of how Congress is doing, Trump's really gamed them and placed the pressure on who needed it. The whole country and world will be watching. There will be massive support from patriots across this land (and the world for that matter) descending on the capitol, white house, etc. At this stage, I believe there are no more arguments. There will only be right and wrong, nonviolence and violence, and evil. She was not supposed to lose!

Best sticker / decal collection I've seen yet. I've never needed a color printer but I grow more tempted every day to buy a nice one just to print stickers to give around town.

I'm just a guy that cooks food for others but I'm here as well 100%. Somehow I have less to do these days. 😊

Please call on me for anything at any time. I can afford to contribute my time and am willing to help.
